

Pond Training Day

*with a focus on Amphibians, Pond Creation
and Pond Management*

Wednesday June 16th, 10.00am - 4.00pm

Training will cover:

- Principles for the design of a good wildlife pond.
- A look at some case studies.
- Pond management considerations.
- Advice on working with contractors.
- Resources available for pond creation including funding and specialist advice.
- Visit to a local site where pond creation has taken place.
- Discussion of frequently asked questions.

Training will take place at
University of Sussex, BN1 9SJ.

Deadline for bookings: June 9th
