

# Amphibian and Reptile Conservation in the South-West

27 November 2010

Draycott Memorial Hall, Cheddar, Somerset

Amphibian and Reptile Conservation in the South-West is a conference open to anyone interested in the conservation of native amphibians and reptiles. It is a networking opportunity and will include presentations on conservation projects and developments in the field.

It is jointly hosted by the Reptile and Amphibian Group of Somerset and Somerset Environmental Records Centre as a regional meeting of ARG UK, the volunteer network of Amphibian and Reptile Groups.

A programme of speakers and conference registration details will be announced during the summer 2010. To register your interest, please email [pernille@oecologic.co.uk](mailto:pernille@oecologic.co.uk) and conference details will be emailed to you when they become available.
